

NEW Premium OIL SAFE Transfer Pump

Fluid Defense Systems is pleased to introduce another market leading innovation with its new Premium Oil Transfer Pump for those customers seeking advanced functionality to meet their lubrication reliability goals.

Sharing the unmatched efficiency of the OIL SAFE Standard Pump, the OIL SAFE Premium Pump is the only pump in its class that is fully serviceable, can be easily configured for quick connect operation and is capable of handling ISO 680 viscosity oils.

The new patent pending Premium OIL SAFE Transfer Pump features:

- **Ultra comfortable D-Handle Grip Design.**
- Fully serviceable pump **internals via quick release** body collar for maximum life.
- **Premium materials** of construction for maximum reliability.
- Unique OIL SAFE Pump **non-return discharge valve** that massively improves pump efficiency resulting in less effort and time required for oil top-ups.
- **Removable color-coded body collars** in a choice of 10 different colors to match to color-coded OIL SAFE Utility Lids. Match the color-coded Pump to the color-coded OIL SAFE Utility Lid.
- **Highly efficient** with approximately 12 strokes to the liter with capability to handle ISO 680 viscosity oils.
- Configure the OIL SAFE Premium Pump for operation with **quick connects**. This enables the container to be filled by quick connect through the pump body (no need to remove the lid) and also enables attachment to machinery fill points by quick connect via the pump discharge hose.
- **A range of optional pump accessories** are available including:
 - Quick connect kits.
 - Removable discharge hoses.
 - 10 Micron Breather.

Note: Photo shows optional 10 Micron Breather, Quick Connect Hose and Adaptor. Actual quick connect fittings not included.

New Premium Pump

PRODUCT	PART NO.
Premium Pump (Beige)	102300
Premium Pump (Black)	102301
Premium Pump (Blue)	102302
Premium Pump (Dk. Green)	102303
Premium Pump (Gray)	102304
Premium Pump (Mid Green)	102305
Premium Pump (Orange)	102306
Premium Pump (Purple)	102307
Premium Pump (Red)	102308
Premium Pump (Yellow)	102309

Note: Premium Pump provided with Color Coded Collar and 4' hose with anti drip nozzle.

Kits

Premium Pump Quick Connect (4 foot Hose System) <i>1/4" NPT Male Adaptor fitting with O-Ring for pump return port, Breather, Discharge Hose (4 foot) - with 1/4" NPT Male fitting</i>	920220
Premium Pump Quick Connect (10 foot Hose System) <i>1/4" NPT Male Adaptor fitting with O-Ring for pump return port, Breather, Discharge Hose (10 foot) - with 1/4" NPT Male fitting</i>	920225

Note: Actual Quick Connect fittings not included.
